## Choosing your photographer

The photographer you choose will be the eyes that future generations will see your wedding day through. They will also be with you during the most precious moments of your special day.

Before considering any prices, take a good look at a photographers work to see if their style fits your taste.

Above all, decide if this is a person you want with you through out your wedding day.

We are happy to answer as many questions and show you as many samples as you like to make sure that we are the right studio for you.

## Reserve your Wedding Date

We Require a \$250 Retainer and signed wedding contract to reserve your date. Retainers are only refundable if we are able to book another event on your Date.

## Choose a Coverage Plan

Each plan includes

Coverage does not have to be continuous. It may be broken up for such things as rehearsal dinner coverage or salon appointments. A final decision on wedding coverage and payment of the coverage balance is due no later than 5 days before your wedding date.

## Engagement Portrait Session

Some coverage plans include a complementary engagement session. This can be added to other plans. This is a great way for us to get to know each other and for you to get use to being in front of the camera.
